

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 1

Vaccine Coverage and Surveillance: Challenges in Vaccine Preventable Disease Control

Long Oral Presentations

Date: September 23, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 1

No.	Title	Presenter
1.1	10-year trend of Pertussis in Pahang, Malaysia: 2014-2023	Aznita Iryany Mohd Noor (Malaysia Advanced FETP)
1.2	Implementation of Hospital Records Review for Acute Flaccid Paralysis Cases in Polio Outbreak Border Areas: A Study in Sumenep Regency, 2024	Cahya Yuliani (Indonesia Advanced FETP)
1.3	Understanding Parental Decision-Making and Determinants of COVID-19 Vaccination for Children – Thai Nguyen, Vietnam, 2023	Hien Thi Nguyen (Australia Advanced FETP)
1.4	Assessing Factors Influencing Measles-Rubella Vaccination Coverage — Uruma City, Okinawa Prefecture, Japan, 2024	Natsuko Nakamura (Japan Advanced FETP)
1.5	Are suboptimal immunization coverage and delayed surveillance to blame? Insights from a measles outbreak Investigation in Khordha, Odisha, 2024-25	Snigdha Sulaita Nanda (India Intermediate FETP)
1.6	Is the Fever Rash Surveillance for Measles able to Timely Detect Cases and Trigger Public Health Response in Mumbai, Maharashtra, India, 2024?	Meeta Vashi (India Intermediate FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 2

Innovations and Insights on Surveillance, Risk Assessment and Public Health Response

Long Oral Presentations

Date: September 23, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 2

No.	Title	Presenter
2.1	Transforming public health response: The integration of Rapid Antigen Tests in COVID-19 surveillance – Australia, 2022	Josephine Jones (Australia Advanced FETP)
2.2	Risk assessment and enhanced surveillance during the 19th FIBA Basketball World Cup by local government with FETP	Soichi Shiiki (Japan Advanced FETP)
2.3	Epidemiological Trends of Kyasanur Forest Disease Deaths in Karnataka, India (2014-2024): Implications for Strengthening Mortality Surveillance	Shaileja Yadav (India Advanced FETP)
2.4	Evaluation of the Listeriosis Surveillance System — Taiwan, January 2022–June 2024	Ya-Wen Wang (Taiwan Advanced FETP)
2.5	Strengthening Acute Respiratory Infections Sentinel Surveillance through Data Integration and Real-time Dashboard — New Caledonia, 2022-2024	Clement Filisetti (New Caledonia Intermediate FETP)
2.6	From Bottlenecks to Solutions: Leveraging Event-Based Surveillance through the 7-1-7 Framework, Philippines, January 2025	Moahna Lloyd Tagle-Pablo (Philippines Intermediate FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 3

Investigations of Vector-borne Diseases: Risk Factors, Early Warnings and Preventive Measures

Long Oral Presentations

Date: September 23, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 3 and 4

No.	Title	Presenter
3.1	Clinical and epidemiological investigation to assess risk factors of a widespread, fatal pediatric outbreak of Chandipura virus Acute Encephalitis Syndrome in Gujarat, India, July 2024	Betsy Varghese (India Advanced FETP)
3.2	Malaria Outbreak Investigation in a Tea Garden Village, Jalpaiguri District, West Bengal, India–November-December 2023	Deepanjan Ray (India Intermediate FETP)
3.3	Evaluating the Sensitivity of Dengue Hemorrhagic Fever Early Warning Indicators: A Retrospective Study in Sleman, Indonesia	Moch. Thoriq Assegaf Al-Ayubi (Indonesia Advanced FETP)
3.4	Dengue Outbreak in a Rural Hill District of Senapati, Manipur, India, July-December 2023	Daokho Apao (India Intermediate FETP)
3.5	Clinico-Epidemiological Investigation of Chikungunya Cases – Mumbai, Maharashtra, May-October 2024	Junaid Shaikh (India Intermediate FETP)
3.6	Evaluation of risk factors and preventive measures of cutaneous leishmaniasis in tehsil Takht-e-Nasrati, District Karak, Khyber Pakhtunkhwa, Pakistan - December 2022 to November 2023: a case control study	Safdar Irfan Marwat (Pakistan Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 4

Contaminated Waters and Public Health Impact

Long Oral Presentations

Date: September 23, 2025

Time: 1:30 – 3:00 pm

Venue: Pullman 2

No.	Title	Presenter
4.1	Contaminated public water supply leading to an acute diarrheal disease outbreak in an urban slum, Chennai, India, December 2024	Shri Vijay Bala Yogendra Shivakumar (India Advanced FETP)
4.2	Investigating public drinking water for per- and polyfluoroalkyl substances – New South Wales, Australia, 2024-2025	Kwendy Cavanagh (Australia Advanced FETP)
4.3	Inadequate chlorination of public water distribution system leading to an outbreak of Acute Diarrheal Disease in Rourkela, Odisha, India, December 2023 - January 2024	Sharan Murali (India Advanced FETP)
4.4	When Strains Collide: Investigating a Mixed Norovirus Waterborne Outbreak in a National Law Enforcement Office, Philippines, 2024	Jovet Junio (Philippines Intermediate FETP)
4.5	Gastroenteritis Outbreak among School Students Due to Contaminated Recreational Water in Kerala, India, 2023	Manikandanesan Sakthivel (India Advanced FETP)
4.6	Epidemiological Investigation of Cholera Outbreak in Village Dargah Abul Hassan Dahri, District Shaheed Benazirabad, Sindh Province- Pakistan, October-2023 (A Case Control Study)	Fahad Ahmed Memon (Pakistan Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 5

Field Investigations of Foodborne Disease Outbreaks

Long Oral Presentations

Date: September 23, 2025

Time: 1:30 – 3:00 pm

Venue: Pullman 3 and 4

No.	Title	Presenter
5.1	A Norovirus Foodborne Outbreak at a restaurant in Pingtung County, Taiwan, February 2024	Leng Lin (Taiwan Advanced FETP)
5.2	Saxitoxin Poisoning Outbreak in Affected Community Populations — Samar, Philippines, July 12-13, 2024	Cherry Ann G. Candava-Ingeniero (Philippines Advanced FETP)
5.3	Foodborne Illness Outbreak in Slum A, Bilaspur municipality, Chhattisgarh, India, October 2023	Snehashree Sadhanala (India Intermediate FETP)
5.4	Foodborne Outbreak Investigation Linked to Shrimp Paste Sold in a Wet Market in Sereisophoan City of Banteaymeanchey Province, Cambodia, June 28-29, 2024: A Case-control Study	Pisal Va (Cambodia Intermediate FETP)
5.5	An Outbreak of Staphylococcal Foodborne Illness among the participants of a seminar – Cavite, Philippines 2023	Monalyn Ilog (Philippines Intermediate FETP)
5.6	Uncovering the cause: Foodborne outbreak at Rompin District's School Sports and Scientific Day, May 2024	Roslaili Khairudin (Malaysia Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 6

Addressing Mental Health Care, Poisonings, Injuries and Major Non-Communicable Diseases

Short Oral Presentations

Date: September 23, 2025

Time: 3:30 – 5:00 pm

Venue: Pullman 1

No.	Title	Presenter
6.1	Analysis of Factors Influencing Non-Compliance with Mental Health Care in Gunungkidul District, 2023	Brema J.K. Damanik (Indonesia Advanced FETP)
6.2	Toxic Seeds and Digital Misinformation: An Outbreak of Tuba-Tuba Poisoning Among Schoolchildren in Lucena City, Philippines, 2023	Darren Venturina (Philippines Frontline FETP)
6.3	Fatal Tetrodotoxin Poisoning from Pufferfish Ingestion in Chongkal District, Oddar Meanchey Province, Cambodia-2024	Siphai Chhoung (Cambodia Intermediate FETP)
6.4	Patterns and Outcomes of Grinder-Related Occupational Injuries in the Emergency Department of Benguet General Hospital: A Retrospective Study (January - June 2024)	Odlanyer Videz (Philippines Intermediate FETP)
6.5	Crash & Consequence: The Epidemiology of Road Traffic Injuries in a Major Trauma Center - Cordillera, Northern Philippines, 2025	Allan Colt Lagasca (Philippines Intermediate FETP)
6.6	Implementation outcomes of Diabetes Mellitus arm of the India Hypertension Control Initiative program in Chennai, Tamil Nadu, India, 2020-22 using RE-AIM framework	Navaneeth S Krishna (India Intermediate FETP)
6.7	Epidemiology of Diabetes Mellitus in Kulon Progo District, Indonesia: A Case Study from 2022 to 2024	Ezmeyralda Putri (Indonesia Advanced FETP)
6.8	Utilizing Secondary Data to Evaluate the Cervical Cancer Screening Surveillance System- Yogyakarta Province, 2024	Hendrika Yuniartin Ganis (Indonesia Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 7

Polio, Measles, Mumps, and Diphtheria: Surveillance, Risk Factors and Outbreaks

Short Oral Presentations

Date: September 23, 2025

Time: 3:30 – 5:00 pm

Venue: Pullman 2

No.	Title	Presenter
7.1	Factors Influencing Knowledge on Early Detection of Acute Flaccid Paralysis Among Medical and Health Workers – Klaten District, Central Java, Indonesia, 2024	Nindy Fadellah Wulan Safitri (Indonesia Advanced FETP)
7.2	Who is at risk of Measles in Selangor? A trend analysis of Measles cases from 2018 to 2022	Norezuan Abdul Gani (Malaysia Intermediate FETP)
7.3	Epidemiologic Profile of Measles in Kulon Progo District, Indonesia: Risk Factor Analysis of Measles Case-based Surveillance Data, 2022-2024	Lisandy Yunita Nababan (Indonesia Advanced FETP)
7.4	An outbreak investigation of Measles, Sabarkantha District, Gujarat, India, April-May 2023	Chandni Parmar (India Frontline FETP)
7.5	Identification of Risk Factors Related to Measles Incidents in Children Under Five Years Old in Pangkal Pinang City in 2023	Ni Nengah Ayu Padmawati (Indonesia Intermediate FETP)
7.6	Mumps transmission in a school and community in Nagarjun Municipality, Kathmandu, Nepal, 2023	Sadiksha Parajuli (Nepal Frontline FETP)
7.7	Mumps in Budhiganga Rural Municipality, Morang District, Eastern Nepal, June 2023	Pankaj Chaudhary (Nepal Frontline FETP)
7.8	Epidemiological Investigation of a Diphtheria Outbreak in Sleman District, Yogyakarta Province, Indonesia, 2024	Sudarto Edi Hartono (Indonesia Intermediate FETP)

2nd SAFETNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 8

Food and Waterborne Disease Outbreaks

Short Oral Presentations

Date: September 23, 2025

Time: 3:30 – 5:00 pm

Venue: Pullman 3 and 4

No.	Title	Presenter
8.1	Outbreak Investigation of foodborne illness in Devanahalli, Bengaluru Rural District, Karnataka, India: September - October 2024	Shalini K A (India Frontline FETP)
8.2	Foodborne outbreak following consumption of improperly stored foods at a house construction inauguration ceremony in Dailekh, Nepal, 2024	Beena Chaudhary (Nepal Frontline FETP)
8.3	A food poisoning outbreak in a school caused by pre-cooked pork skin, Nang Rong District, Buriram Province, Thailand, September 2024	Watcharapol Rongdech (Thailand Advanced FETP)
8.4	Epidemiological Study of Food Poisoning Outbreaks in Yogyakarta Province in 2023	Nining Puji Lestari (Indonesia Advanced FETP)
8.5	Outbreak of diarrheal illness following contaminated school-supplied water during a Tihar feast in Palpa, Nepal, 2024	Deelip Karki (Nepal Frontline FETP)
8.6	Diarrheal outbreak associated with contaminated drinking water in Juvenile Correction Home, Kaski district, Nepal, May 2024	Basundhara Sharma (Nepal Frontline FETP)
8.7	Investigation on the outbreak of Norovirus infectious diarrhea caused by water supply pollution - Harbin, China, 2024	Chunjin Zou (China Intermediate FETP)
8.8	Epidemiological Characteristics and Influencing Factors of Bacillary Dysentery Outbreaks — China, 2008-2023	Ao Luo (China Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 9

Confronting Vaccination Challenges and Low Herd Immunity

Short Oral Presentations

Date: September 24, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 1

No.	Title	Presenter
9.1	Prevalence and associated factors of parental refusal rates for routine immunization: A cross-sectional study in Peshawar, Khyber Pakhtunkhwa, Pakistan-2024	Muhammad Hakim (Pakistan Advanced FETP)
9.2	Measles outbreak associated with low vaccination coverage in Tanahu, Nepal in 2023-2024	Suraj Gurau (Nepal Frontline FETP)
9.3	An outbreak investigation of respiratory toxigenic diphtheria: looking into sources and the urgent need for initiating booster vaccination—Bangladesh, 2022-2023	Ismat Jahan Bhuiyan (Bangladesh Advanced FETP)
9.4	How Vaccine Gaps Breached Herd Immunity? The First Reported Diphtheria Outbreak— Kishoreganj, Bangladesh, 2024	Asma Jamal Antara (Bangladesh Advanced FETP)
9.5	Seroprevalence of rubella in a generation without routine vaccination at three facilities in Japan, 2024	Takashi Ono (Japan Advanced FETP)
9.6	An Investigation of Adverse Events Following Immunization Clusters of MMR Vaccine Among Practical Nursing Students, Bangkok, Thailand, 2024	Sethapong Lertsakulbunlue (Thailand Advanced FETP)
9.7	Rabies Death in Vaccinated Individual: Investigating Possible Vaccine Failure – Laguna, Philippines, 2023	Menard Oracion (Philippines Intermediate FETP)
9.8	Automated phone call reminders with treatment cards improve the timely completion of anti-rabies vaccine post-exposure prophylaxis - Tiruvallur district, Tamil Nadu, India, 2024	Ramya Murugesan (India Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 10

Confronting the Challenges of Zoonoses and Vector-borne Diseases

Short Oral Presentations

Date: September 24, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 2

No.	Title	Presenter
10.1	Descriptive Analysis of Crimean-Congo Hemorrhagic Fever – Khyber Pakhtunkhwa, Pakistan, May–September 2024	Sadaf Jamail (Pakistan Advanced FETP)
10.2	Anthrax Outbreak: Epidemiology and Risk Factors - Cagayan, Philippines, October 2024	Gretchen M. Esole (Philippines Advanced FETP)
10.3	Epidemiological insights into <i>Plasmodium knowlesi</i> Malaria in Sarawak: 2017–2022	Richroy Anak Richard (Malaysia Intermediate FETP)
10.4	Dengue Outbreak in Malaybalay City, Bukidnon, Philippines, 2024	Carlo Calleja (Philippines Intermediate FETP)
10.5	Battling the Dengue Surge: A Critical Response in Tuba, Benguet, Northern Luzon, Philippines, 2024	Jalene Kay Leon (Philippines Intermediate FETP)
10.6	Dengue outbreak in flood affected slum areas of Kathmandu City, Nepal, September – October 2024	Anita Khanal (Nepal Frontline FETP)
10.7	Epidemiological investigation of a dengue outbreak in Ward 4, Bidur Municipality, Nuwakot District, Nepal, October 2024	Rojina Tamrakar (Nepal Frontline FETP)

Guest presentation: Milestones in Operationalizing One Health in Rajasthan, India—2018 to 2024
(Dr. Ruchi Singh, Nodal Officer for AMR, One Health and PM-Ayushman Bharat Health Infrastructure Mission, Directorate for Medical & Health Services, Rajasthan, India)

Pullman Kuala Lumpur City Centre
Jalan Conlay, 50450 Kuala Lumpur, Malaysia

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 11

Learning from Disease Outbreaks

Short Oral Presentations

Date: September 24, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 3 and 4

No.	Title	Presenter
11.1	Acute gastroenteritis outbreak in Hyomang Village, Nuwakot district, Nepal, June 2023	Roshan Dhakal (Nepal Frontline FETP)
11.2	Acute gastroenteritis following a wedding ceremony in a village of Dhading district, Nepal, June 2023	Jitendra Kumar Sah (Nepal Frontline FETP)
11.3	Acute gastroenteritis outbreak in Helambu Rural Municipality, Nepal, 2023	Parvati Bista (Nepal Frontline FETP)
11.4	Hepatitis A outbreak investigation in Jaitu town, Faridkot district, Punjab, June-August 2024	Megha Parkash (India Frontline FETP)
11.5	Investigation of Acute Jaundice Outbreak in Agia Block, Assam, India, March 2024	Antesh Kumar Verma (India Advanced FETP)
11.6	Outbreak Investigation of Acute Diarrheal Disease in Village X, Uttarakhand, India, July 2024	Gopi Kumbha (India Advanced FETP)
11.7	Risk Factors Associated with a Norovirus Outbreak in Baguio City, January 2024: An Epidemiological Study	Kenn Manuel Palmares (Philippines Advanced FETP)
11.8	Application of Risk Assessment in a Norovirus Outbreak at a Buffet Restaurant — Taipei, Taiwan, January 2025	Tsung-Han Lee (Taiwan Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 12

Outbreaks of Vaccine-Preventable Diseases in Underserved and High-Risk Populations

Long Oral Presentations

Date: September 24, 2025

Time: 1:30 – 3:00 pm

Venue: Pullman 1

No.	Title	Presenter
12.1	Measles outbreak in an ancient Chepang population, Chitwan district, Nepal, 2023	Koshal Chandra Subedee (Nepal Frontline FETP)
12.2	Measles outbreak affecting population with lower vaccination coverage in rural area of Mehsana District, Gujarat, India, May 2023	Vinodkumar B. Patel (India Frontline FETP)
12.3	Measles outbreak among unvaccinated migrants in a remote oil palm plantation: Bintulu, Sarawak, Malaysia, February-March 2023	Emilda Anak Nohin (Malaysia Intermediate FETP)
12.4	Mumps Outbreak in a Closed Cantonment Area, Kolkata, West Bengal, India 2023	Subhendu Ray (India Intermediate FETP)
12.5	Prolonged Chickenpox Outbreak in a Densely Populated Island Community, Naifaru Island, Lhaviyani Atoll, Maldives, April 2024 – February 2025	Fathimath Ana (Maldives Intermediate FETP)
12.6	An Epidemiological Investigation of a Rotavirus Outbreak in a Rural Community, Aurora, Philippines, January - February 2024	Crizzle Kane Yapchapco (Philippines Frontline FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 13

Improving NCD Prevention, Detection and Management

Long Oral Presentations

Date: September 24, 2025

Time: 1:30 – 3:00 pm

Venue: Pullman 2

No.	Title	Presenter
13.1	Socio-economic and Gender Disparities in Hypertension Care Cascade Among Tribal Populations in Odisha, India 2022-23	Tanveer Rehman (India Advanced FETP)
13.2	Analysis of Factors Affecting Health Care Seeking Behavior Related to Hypertension: A Cross-Sectional Study - Gunungkidul District, 2023	Bangun Hot Pandapotan Lumban Gaol (Indonesia Advanced FETP)
13.3	Quality Improvement Initiative Plan to Improve the Coverage of Opportunistic Screening for Diabetes Mellitus in Primary Care Health Facilities in West Sikkim, India – July-September 2023	Jhilam Mitra (India Intermediate FETP)
13.4	Evaluation of the Diabetes component of the National Program for Prevention and Control of Noncommunicable Diseases in Public Health Facilities of selected districts of India, 2023	Kalyani S (India Advanced FETP)
13.5	Observations of smoking product retailers before a licensing intervention in Queensland, Australia, 2024	Dean Pousini-Hilton (Australia Advanced FETP)
13.6	Engaging primary health care workers in increasing retention among a cohort of tobacco users attending cessation clinic, Villupuram district, Tamil Nadu, India, 2023-24	Vishnu Kumaran (India Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 14

Diverse Infectious Threats: Trends, Risk Assessments, Outbreaks and Economic Impact

Long Oral Presentations

Date: September 24, 2025

Time: 1:30 – 3:00 pm

Venue: Pullman 3 and 4

No.	Title	Presenter
14.1	Trends and determinants of Tuberculosis mortality in Selangor: Insights from 2019 to 2023	Ardianah Mansor (Malaysia Intermediate FETP)
14.2	Epidemiological Characteristics of Brucellosis in China from 2010 to 2023	Shanshan Du (China Advanced FETP)
14.3	Guillain-Barré Syndrome Outbreak Potentially Associated with <i>Campylobacter jejuni</i> (Sequence Type 22) in Kochi Prefecture, Japan, 2023–2024	Tatsuya Murai (Japan Advanced FETP)
14.4	Risk assessment for <i>Klebsiella pneumoniae</i> carrying OXA-48-like carbapenemase-producing genes—Taiwan, 2024	Pei-Jiuan Chao (Taiwan Advanced FETP)
14.5	Epidemiology and direct economic loss due to suspected anthrax in household livestock farms of Kazipur union of Gangni subdistrict in Bangladesh from November 2022-October 2023	Mohammad Mansorol Haq (Bangladesh Advanced FETP)
14.6	<i>Proteus sp.</i> Outbreak Investigation following Cultural Festival in Yogyakarta City, Indonesia, October 2024	Noorkhalisah (Indonesia Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 15

Improving Access, Quality, and Outcomes in Health Care Delivery

Long Oral Presentations

Date: September 25, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 1

No.	Title	Presenter
15.1	Factors Influencing Health Facility Related Treatment-Seeking Behavior Among Leptospirosis Patients in 2023: A Cross-Sectional Study in Kebumen District, 2024	Andini Rahmahdhani (Indonesia Advanced FETP)
15.2	Barriers and facilitators to the sustainability of collaboration screening for tuberculosis and diabetes mellitus program in Yogyakarta, Indonesia: a qualitative study	Miftakhul Janah (Indonesia Advanced FETP)
15.3	Retention in the Care Cascade of Tamil Nadu's First Differentiated TB Care Model – A Program Data Analysis (April 2022 - December 2023)	Madhanraj Kalyanasundaram (India Advanced FETP)
15.4	Antimicrobial consumption by WHO AWaRe classification to steer AMR containment in public health sector at district-level in India, a descriptive study, 2024	Kumud Tomar (India Advanced FETP)
15.5	C-Section Deliveries at Ebeye Hospital — Marshall Islands, 2023	Ana Koliniwai (Marshall Islands Intermediate FETP)
15.6	Evaluation of Reimbursement Processes under the Ayushman Bharat–Arogya Karnataka Health Insurance Scheme: Insights from Public Healthcare Facilities in Mysore City, Karnataka, India 2024	Ajay GV (India Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 16

Studying public health issues using varied methodologies

Short Oral Presentations

Date: September 25, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 2

No.	Title	Presenter
16.1	Cross-Border Population Mobility Patterns between Nepal and India using the Population Connectivity Across Borders (PopCAB) Toolkit for Infectious Disease Preparedness, 2024	Aditya Shakya (Nepal Frontline FETP)
16.2	Seasonal upsurge of influenza like illness in a rural municipality, Mugu District, Nepal, 2024	Mukesh Poudel (Nepal Frontline FETP)
16.3	Introducing 7-1-7 in Cambodia through response action reviews to multiple events of avian influenza infection among humans, 2023 – 2024	Sokly Mom (Thailand Advanced FETP)
16.4	Evaluating the Effectiveness of AMR Surveillance in Kampong Cham Hospital, 2023	Lima Po (Cambodia Intermediate FETP)
16.5	Knowledge and Attitude of Healthcare Workers toward Human Mpox Viral Infection in Kampong Thom Provincial Hospital, Cambodia, 2024	Vathanak Sann (Cambodia Intermediate FETP)
16.6	HIV and Hepatitis B infection among Men having Sex with Men in India, 2022-23	Suchit Kamble (India Advanced FETP)
16.7	Assessing the impact of non-pharmaceutical interventions during the Coronavirus disease 2019 pandemic on Scarlet Fever in China: a 20-year population-based surveillance and modeling study	Xiaojuan Zhang (China Advanced FETP)
16.8	Implementation of Community-Initiated Kangaroo Mother Care among the Low-birth-weight babies born in Theni district, Tamil Nadu, India 2023-24: a Mixed Methods Study	Kartik Palaniappan (India Advanced FETP)

2nd SAFETYNET Scientific Conference
Kuala Lumpur, Malaysia
22 - 26 September 2025

Field Epidemiology in a Changing World: Advancing Health amidst the Evolving Ecosystem and Technology

Oral Presentation Session 17

Understanding and Responding to Infectious Disease Threats

Short Oral Presentations

Date: September 25, 2025

Time: 11:00 – 12:30 pm

Venue: Pullman 3 and 4

No.	Title	Presenter
17.1	Epidemiological investigation of scrub typhus in Rolpa Municipality, Lumbini Province, Nepal, 2024	Bishal Subedi (Nepal Frontline FETP)
17.2	Influenza like illness in a carpet factory, Kathmandu, Nepal, 2024	Tilottama Khanal (Nepal Frontline FETP)
17.3	Investigation on a H10N3 case in N City, Guangxi Province, China, 2024	Fanglei Zhang (China Advanced FETP)
17.4	Spatial analysis of dengue incidence: identifying high-risk areas in Selangor, 2018 to 2023	Mohammed Fadli Fasanai (Malaysia Intermediate FETP)
17.5	Climatic variability and dengue vector abundances in Bagmati Province, Nepal, 2023	Satish Bista (Nepal Frontline FETP)
17.6	<i>Yersinia enterocolitica</i> outbreak in Puliur, Tamil Nadu, India, May 2024	Sujitha J (India Advanced FETP)
17.7	An outbreak investigation of a new variant Echovirus-11 in a neonatal intensive care unit of PJ Hospital, Malaysia, 2023	Norfazillah Ab Manan (Malaysia Advanced FETP)
17.8	Tuberculosis treatment outcomes of notified TB patients, Tambaram Municipal City Corporation, Tamil Nadu, India 2018-2022	Kolanghi Kannan SG (India Advanced FETP)
